

YIP ZHEN YANG

My name is Yip Zhen Yang, and I am a second-year Bachelor of Computer Science (Hons) student with a focus on Artificial Intelligence (AI) at Asia Pacific University (APU) and my current CGPA is 3.33. I am actively seeking an internship opportunity from 13 January 2025 to 2 May 2025

Educational Background & Experience

2020-2021 (During MCO)

During the Movement Control Order (MCO), I worked as a part-time gift basket assembler

Diploma in Asia Pacific University

2021-2023

I have successfully completed a comprehensive diploma program Information & Communication Technology focusing on Software Engineering, gaining a strong foundation in programming, system design and development methodologies.

Internship in Ndent Sdn.Bhd

2023-2024

During this internship, I gained valuable experience and enhanced my technical skills, including proficiency in SQL. This role provided me with hands-on opportunities to work with databases, improve data management skills, and develop a deeper understanding of real-world applications in technology.

Degree in Asia Pacific University

2024- Now

I am currently pursuing a Bachelor of Computer Science (Hons) with a specialization in Artificial Intelligence at Asia Pacific University (APU), maintaining a current CGPA of 3.33.
